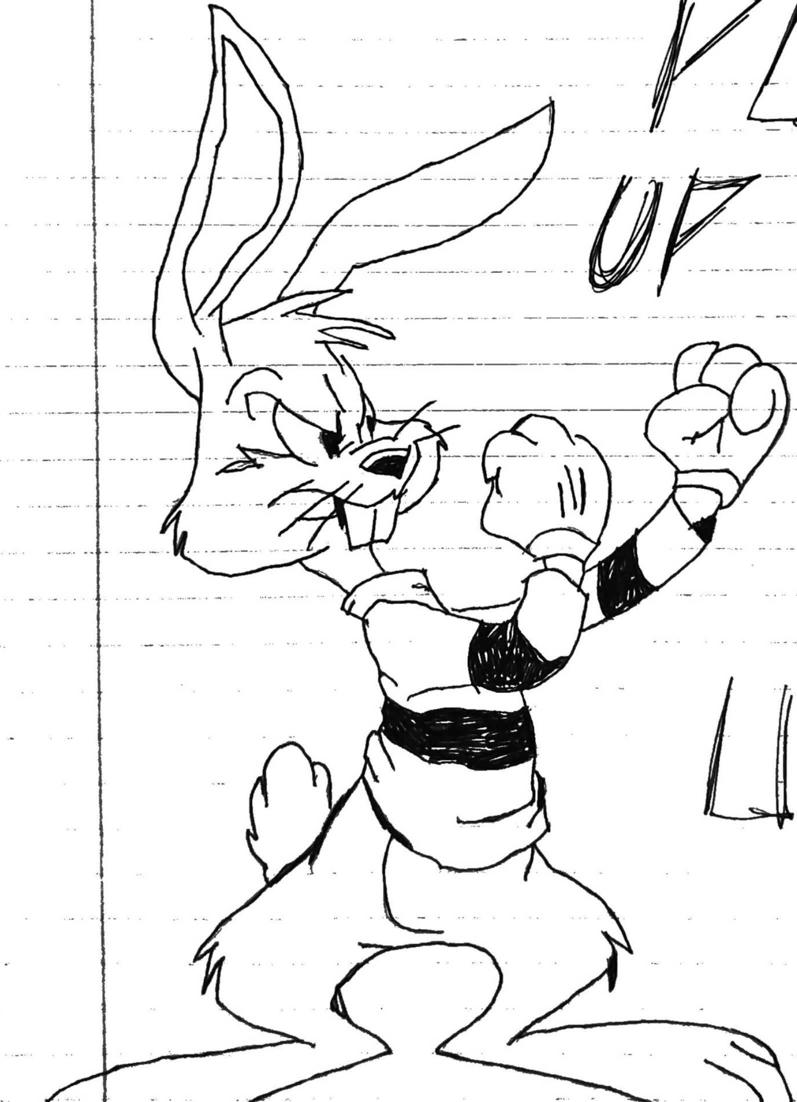
STOMPING TIME

Part 3



PUT UP OR SHUT UP

Angry Beavers

Assface & fatass get ready to tumble

I saw ole fatass but I didn't say shit. My boss was standing right there. I waited til break time. Break time hits & I start thinking about the crap they pulled.

Babe

And I was filled with a deep and terrible rage.

These 2 loser's were in the break area. There must have been like 10 people socializing. I had to go through some people sitting on some step's. "Excuse me" was all I said, so I walked up to these 2 fucking guy's. These fucking loser's ignore me, so I spit in assface's personal space. Loser look's up & I spit again. This fucking guy get's up. Like house of pain was going to do anything. I tell this fucking loser that the next time I unload a trailer & I see him or his bitch ass boyfriend fatass I was going to hit them in the face. assface start's going on about how he was helping w/ tape up's.

I tell him I don't need his or that fat fuck's help. I said "If you fucking loser's don't want to help me then don't fucking help me. I spit on the ground again. I then told fatass that the next time he start's shit w/ me I was going to let him have it. I thought fist were going to start flying but just like most fucking bullies they crumbled. I spit 1 more time & left. On my way back up the step's I didn't even have to say shit. Not only did the people sitting on the step's let me by but they made as wide a berth as 2 people sitting on a step can make. I had tunnel vision so I didn't really see the reaction from the crowd. I think most of them had their head's buried in the sand. No one said a damn thing. If I'm being honest I almost didn't do it. Elliott Hulse was right. You're better off getting your ass kicked then walking around w/ no self respect.

Rival's was back in town, I saw them just before the door's opened. I grab Josh by the shoulder & said

Tarzan "I thought I was never going to see You again",

I then said "Good luck tonight guy's",

Rival's start's playing & the crowd goes nut's, I didn't really like the song supernova the 1st time I heard it at the Tree's. But after hearing this time at the RBD I thought it kicked ass actually, I saw Kalle at the merch stand. We bump hand's, I said hey how's it going to sebastian & Josh. Spencer's gone. He's got his own band now & he's doing his own thing.

I was starting to get hungry, Twisted Root Burger was next door. RBD lied about the time the door's would open. Since I didn't know when the door's would open & I didn't want to miss a thing I didn't go. But now I was starving, I kept telling security IF I could go. They said "Yeah but be back at 9PM. It was like 8:30PM when I told them. And since I didn't want to miss a thing once again I didn't go.

I talked to Matthew from the band slave's. We bullshitted for a while & security say's that I can grab a bite & come back. I told security IF they wanted anything? security said "NO thank You", I went next door & ordered a double bacon cheeseburger & french fries. On the way back I saw Matt, I told Matt that his band had an interesting name slave's, Matt said You can be a slave to anything. Addiction, women, work. I told Matt "You're right, see You inside",

Security said I could eat inside, One look inside & I said No way man. More on that later, so I ate on the outside.

As a joke when security saw me eating they said "Yo I changed my mind I want some of that". LOL.
This dude said I must be rich to be eating Twisted Root.
I don't remember how much that shit cost but it wasn't that expensive.

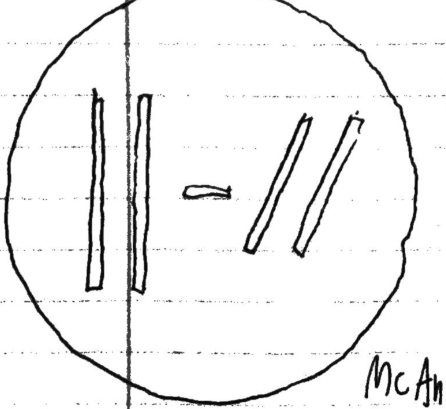
I was eating the shit out of that fucking comfort food. I don't know why but this dude said "You ok bro".
I said "Yeah, I'm fine".

Kalie saw me eating & she came over. She told me "I look alone". I told her there's no table's inside. I didn't want to stand at the bar, I didn't want to get trampled, & I couldn't find anywhere else to park it. I told Kalie

The other me

You gotta try this

Kalie said "I'm not real big on potatoes" I'm normally running my hand down a girl's arm. This time Kalie ran her hand down my arm. She was so gentle. As Kalie was leaving I said "Good job tonight Kalie" Kalie just smiled. I then added "I'm proud of You". Kalie did this girly shrug. She looked so cute.



Your loving on the psycopath sitting next to you
Your loving on the murderer sitting next to you
You'll think, how'd I get here, sitting next to you?

I love Kalie's cover of Heathen's

Brendan & his band went up at last. McAndrew performed while having a cold. What a trooper man. I saw the dude who said "You ok bro". I patted him on the back but he didn't acknowledge me. This is what I was talking about. I don't even know Why I bothered.

After the show security said "IF You're not going to buy merch get out". I said "I'm going to buy something just give me a second. Their's a big ass line. I'm in line just give me a second". I told Kalie IF I could get my picture taken W/ her. Kalie said yeah. She got Micket to take it. We embraced. I then told Kalie "I already left You a tip but here's an extra $ 5 buck's". I grabbed Kalie's hand Money in hand. And then I held her hand W/ both hand's. I got the idea from Waiting... Kalie ran her hand down my arm a 2nd time & said "We love You". I was grabbing, holding, whatever, Kalie the way Amy was doing Andrea in The Walking Dead after she turn's. Kalie said "Go say bye to Micket, Josh, and Sebastian."

Put Your hand's on my Shoulder's. Hold me in your arm's baby, squeeze me oh so tight and show me that You Love Me too

Sebastian was chilling by the bar. I said see Ya. on my Way out I said see Ya to security. Security said later bro & patted me in the shoulder.

I told Matthew IF I could get my picture taken W/ him. He said "of course". I didn't want to take a selfie so he got a fan to take it I wanted to leave a tip but I didn't have anything smaller than a Ben. I told Matt IF he had any change. He didn't. I was going to go to the bartender but they were close. Matt said it was ok. I told Matt "I really want to do it". Matt said it was fine. We shook hand's & Matt said "thank's for making it". That was so righteous. I said see Ya to Josh &

Micket, Micket got scared. He was turned around & I smacked him softly in the back. This one dude shook [illegible] ~~[illegible]~~ & said have a good night. I think he might have been the owner.

Unlike the 1rst 2 time's their was, I don't even know the right word I'm looking for. Magic chemistry friendship between me & Kalie.

Later that night I tuched myself while thinking about Kalie. I ~~have~~ LOVE You so much Kalie that You should be able to feel it through time & space.

Kalie has a heart of gold I swear.

I Was bullshitting W/ one of the new girl's, I Put a package on the belt & said "tape up", Homegirl had a tape gun & started examining the package, She said it doesn't need tape. I just start cracking up. Homegirl smile's & say's "Very funny". I then put a package the size of a Gamecube on the belt & say "Irreg". Homegirl take's the package & say's "that's not an Irreg", I just bust out laughing, "Ha ha" is all she said.

The last package was a pack of Figi water W/ one fucking bottle missing, Homegirl say's "Where's the other bottle". I told her I drank it, I then throw her the 2nd to last package the size of a shoebox & say "catch the football", Homegirl start's laughing.

I saw [redacted] & I told her how's the baby. After I said that she started asking everyone IF they have kid's & then she started showing everyone Photo's of her baby in custom, She told me IF I have any kid's, I said "uh huh", [redacted] is all suprised "in the..." [redacted] said "You were going to say something stupid." In the toilet, [redacted] just walked away trying not to laugh.

Belly seal my fate

Unholy & dirty word's I gathered to me, Thinking the Point was keep what's mine for me. While she's laughing

Bullshitted w/ homegirl some more, she tried to lift a 70 pound package, she looked so adorable struggling to carry that shit, I said "You're going to break a nail".

Ok here come's Mr. Muscle". I told [redacted] "What's a psychopath?" she said she didn't know how to explain it. Finally she said it was a crazy person, I told her my cousin say's I'm a psycopath, am I? She said I don't know maybe. I tricked her into trying to get an irreg, It was on the chute & she was about to take it I threw it on the belt, she give's me the look & say's really? I told [redacted] that I'm going to get drunk on Saturday, I then said "I'm ready to get my muthafucking drink on, Fuck some bitches at this party, she just covered her mouth trying not to laugh & said "Oh my GOD." She's not into that because she's a christian girl. That's what turn's me on about Hispanic girls. They're playful as hell.

Me & [redacted] had to go to trailer 221, I told [redacted] IF she could help me up, she put's both her hand's together to give me a boost. I said "No, can you be more gentle, I then tell her to help me from the top. She scale's the step's, I grab [redacted] hand & I pull her down. I saw her laughing, I then cut the shit & I climb the step's while she's holding my hand.

This chick gave me some chocolate in the morning, I can't have chocolate or fudge because it will kill me. So I gave it to [redacted]. I threw it to her & said "catch the football", She missed & I said "Oh [redacted] butterfinger's", I threw it to her again & said "thank you". I ran my hand down her arm (GOD I wish it was summer time) and said

Fight Night, Only it wasn't, The fucking club I went to go see it at wasn't showing it, And I didn't know until just ~~the~~ as the fight was about to start, Retarded Shit, Even though I missed the fight I did have a good time,

I met this chick [redacted], An Italian chick from colombia, I walked up to her & just started stroking her hair, "Shall we dance", She just nodded her head, She asked me the usual shit "What's your name? Do you come here often?" I just started holding her hand's, It was the kind were it looked like we were playing patty cake only instead of clapping we had our finger's Entwined", We make eye contact & I was as horny as a chinchilla. [redacted] told me I was a young innocent looking kid

& She doesn't want me to die,

Crazy Town Butterfly

So Sexy Almost Evil

I told her "What make's you say that" She run's her hand down my chest where my shirt say's "Suicidal Tendencies", Almost everyone say's something along those line's whenever I'm wearing my ~~[illegible]~~ Suicidal Tendencies merchandise, As a joke I told her "Mi quiero morir", (I want to die), there's just a few more thing's I got to take care of 1rst before I expire [redacted] called me crazy

[redacted] wanted a ciggy so we go ~~[illegible]~~ outside, I start telling [redacted] I was a sicario for Pablo Escobar, [redacted] say's "Ay dios mia", She started speaking Italian to one of her friend's, Italian & Spanish sound the same so I could tell what she was saying,

SUICIDAL TENDENCIES

Her friend said "Who's your friend". In ~~It~~ Italian, And I said "oh were more than just friend's homegirl, I told [redacted] You can't hide from me, I press up to [redacted] & say "[redacted] let me take care of You", I got the idea from Orphan.

So we go back inside, I think [redacted] might have been testing me, She wanted me to dance w/ her friend but I said no. I tell [redacted]

The Godfather "You are beautiful, You could tempt the devil himself".

[redacted] then shouted to her friend What I just said ~~IN Italian~~ IN ITALIAN, I said "[redacted]! Are you going to tell everybody everything I say to you", I tell [redacted]

R+J "cara innocente con carazon de serpiente".
innocent face with a serpent's heart

[redacted] left to use the girl's room, Security saw me & said "hey man nice shirt, All I wanted was a pepsi." Me & Security started bullshitting, We talked about drunk & disorderly customer's, As I was talking to Security I remember thinking, You know what Scarface, I don't like fucking cuban's. Like a minute later this chick run's her hand down my arm & hold's my hand, She said "Everyone think's You & [redacted] look cute together." I said "cool thank's." Are you colombian to", She said "no cuban, Look at that Shirt". God has a wicked sense of humor.

Later the next day I tried to touch myself to [redacted]. But I had just trimmed & filed my nail's. They were a little on the Shirt & Everytime I tried to fap my fucking nail would dig into my finger. That shit was painful. After like 2 minute's I said fuck it. I'll jack off to her eventually.

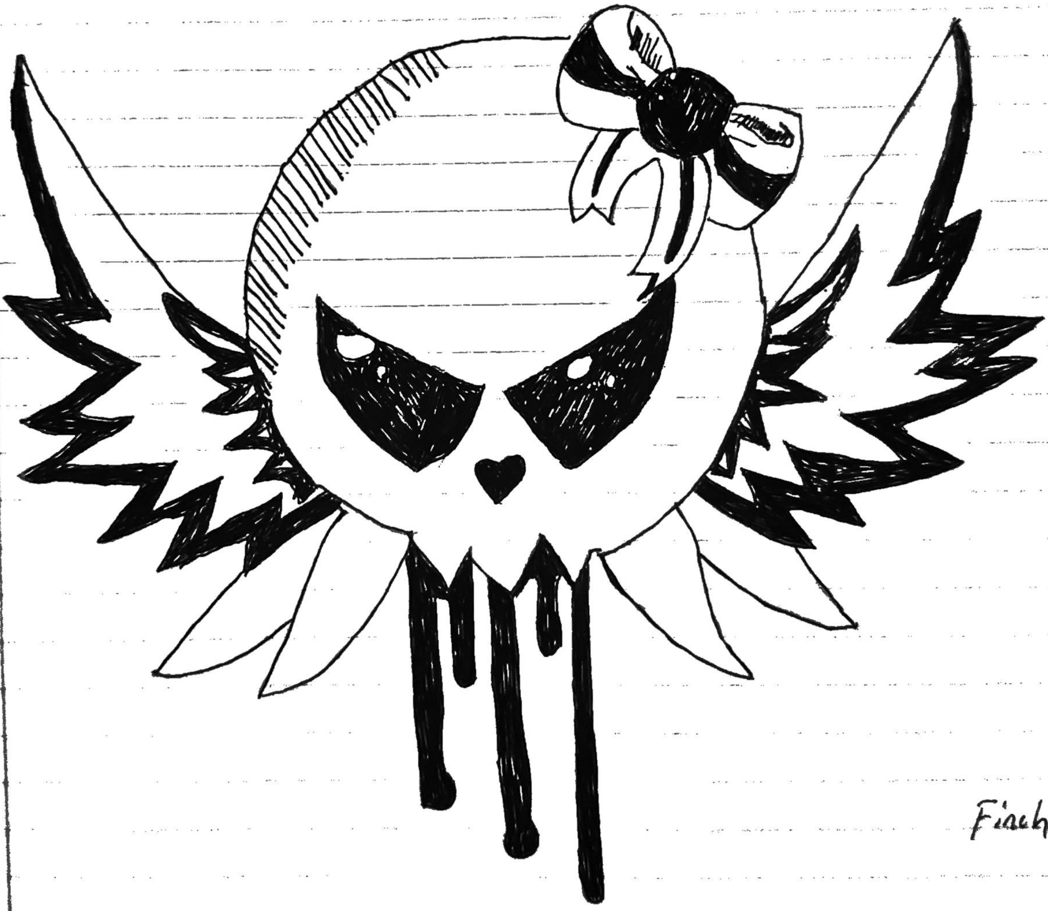
What It Is



To Burn

December 12 Fri 2019

I saw [redacted] for the 1st time in like a month. We embraced. I think [redacted] might be a bit of a tomboy because I've never seen girl's hug like that. That handshake w/ one hand & the other one on the back type of embrace. And then I held her hand.

The Babysitter's

Guess it was just one of those moment's, a unique detail in an otherwise ordinary life.

December 19 Thur 2019

I saw [redacted] again. [redacted] said "are you going back to the unload." I said "You bet, How's the baby?" [redacted] said "the baby's good". I told [redacted] "See you around [redacted]".

Extreme
Prejudice pt 2

I was on assigment at the fucking Audelia library. There wasn't shit going on so I started browsing the fucking book's. One book in partiular caught my eye. Archangel's Legion by Nalini singh. That's the last time I'm mentioning the bitch's name. You can't judge a book by it's cover my ass. A purple filtered cover w/ a sexy blonde angel chick holding a crossbow. The side of the book said paranormal Romance. [illegible] Damn I didn't even know that was a genre.

I've read the book. I give it 4½ out of 5 star's. I hare to admit it but the bitch can write.

A couple thing's bothered the hell out of me.

That stupid pet name, I'm to lazy to go through the fucking book but it start's w/ an h. You gotta be fucking kidding me. I actually had to google it. Give me a break. You couldn't use something else? Like darling, sweetheart, or some shit like that. That'd be like fucking [illegible] african's going around calling each other [illegible] corazon. Retarded shit. I'm supposed to believe that white people in New York are calling each other however the fuck you say that fucking word.

So here's a curry eating aurthor who live's in New Zealand writing a book that take's place in New York [illegible] w/ a blonde haired blue eyed chick on the cover. The cultural cringe is amazing. I do know that china & India have a rivalry going on. Maybe that's why one of the main antagonist is ~~the~~ [illegible] [illegible] ~~chinese~~. Chinese

Henery Hawk

I don't care who win's; I'll fricassee the loser

Which lead's me to one of 2 uncomfortable option's, 1rst this loser wishes India was hip & cool or as awesome as Western civilization. India is fucking lame as hell. Or ~~maybe~~ maybe because any media w/ fucking curry loser's isn't going to sell. Beside's cumdog millionaire has their ever been a bollywood hit in Hollywood. Honestly the only Indian movie's I've seen are ghandi & bend it like beckham. And I only saw those fucking movie's because they fucking made me watch that bullshit at school. Not only that they were produced & directed by western studio's. So western movie companie's are beating these loser's at making film's that are supposed to be indian. Weak.

Or 2nd that bitch secertly want's to be white.

These loser's are something else. We all know the type of loser's they are. The type who think's their country is the shit. But doesn't want to live there. The type that bashes western society but has an inferiority complex. That piece of shit country blow's. Filthy, filthy, filthy. The stink must be unbelievable. Shit hole to the core. Not only is the country shitty but the people are to. Outside of their little bubble they ain't fooling anyone. That's why dumb shit like that failed mission to space, amusement park ride's breaking down & killing everyone on board happen. I've even heard slant eyed asian's saying they wish india wasn't part of asia.

I Fucking pathetic

I remember leaving a comment on a youtube video about how bad the pollution is in India. I called it a fucking dump & this phone scamming loser told me "don't say that". Unfuckingbelievable. I remember telling a Nigerian that his country was a shithole. This loser than start's bashing Mexico like that's supposed to get under my skin. He called Mexico a vast desert full of vicious cartel's. All I said was I know.

To be fair their was a time when I was ashamed of being Hispanic, I'm Hispanic whether I like it or not. I've made peace w/ that. Moar on that later. If you tank u kum agayn loser's feel like trashing Hispanic's go ahead. That shit doesn't bother me & it might make them reflect.

Cup my ass

White man's burden? Maar like God's ~~[illegible]~~ blunder's. Maybe If these Loser's knew how to take constructive criticism, they wouldn't be such loser's.

Family Guy

And American's are all like, "Hey, bitch!" and the Indian people, we do not call our women in such a way. Losers

SCHADENFREUD

I don't know why but I get a kick out of watching & hearing about people suffering. When ever I would hear about loser's in some 3rd world country starving to death I just bust out laughing. I find it funny that some loser's live in total dumps & have to rely on UNICEF the United Nation's or some Western country for hand out's. I'm a total Sadist

When Flanders Failed

Unlike Homer I don't feel any fucking remorse

I don't ~~[illegible]~~ find it funny when I'm on the recieving end. That's why I laugh when it happen'sW to some other loser.

This one time I bullshitting w/ the cashier at ~~Tom~~ Tom Thumb. As I was about to pay for my fucking groceries that shit said "Do you want to donate to hungry kid's". And I said "Fuck those kid's". The cashier chick start's laughing.

I didn't have enough room on the cart for all the shit I was buying so I had to go back in there & fill up another cart that shit asked me the same fucking question. And I said "nah nah nah nah nah get the fuck out of here. I'm hungry to." Homegirl start's laughing again telling me "You are so bad".

She told me IF I could buy her some chocolate. I bought her Reese's Peanut butter cup's for being so cool.

A World Without YT

What would a world without racist YT be like? Ok here's what I think would happen ~~asa~~ assuming YT goes quietly, the Southwest? Ha the Hispanic's are not coming just for the Southwest there coming for the whole enchilada. IF other non Hispanic minorities thought it was bad under YT wait til the Hispanic's take over, they're already chasing everyone out of california. Spanish is going to be mandatory IF you want to live & work in what was once the USA. Some of these loser's are already welcoming their new overlord's.

I remember being at Tom Thumb & ~~[illegible]~~ this white girl was telling me Hola cómo estás, I never thought I'd see the day when a pedophile worshipping sand monkey would come up to me speaking spanish, I like to drink beer, eat bacon, & look at naked girl's so go suck camel dong loser,

There's probably not going to be any more welfare or food stamp's since YT has been milked bone dry, Affirmative action & racial ~~quo~~ quotas are going to go out the window, There's the chance of a chinese invasion, Mexico is right across the street so it wouldn't be hard to get reinforcement's, china might not have the stomach for it. Any non Hispanic's that do stay are just going to have to get w/ the program, IF the racial tension's are bad now, wait til there's no racist YT to blame, Some of these loser's believe in that White Supremacy boogie man so blindly that they are going to blame YT long after he's gone,

Africa is going to be colonized by the chinese, Minus the terroist spot's in North Africa, With no racist YT to keep china in check, the glove's are going to come off, You think calling these chimichangas racist is going to stop them, The rest of the world is not going to give a fuck, Just like they don't give a shit about human bomb's being sent to "Re education' camp's", They probably wouldn't kill every African in sight but their number's are definitely going to nose dive.

As for Asia, china and/or Japan are pretty much going to take over. The only way out is IF every other asian country had an alliance. It might be just like in World War 2, Except it's 3 & YT is not going to come to the rescue.

Australia & New zealand are going to be taken over by the chinese. Those fucking slope's have already pretty much taken over. These loser's are going to spread like a plague.

Europe is going to be taken over by african's & middle eastern savage's, These loser's are already cutting each other's throat's in africa especially Libya. They might as well call it ~~Eurabia~~ Eurabia at this point.

Latin American country's are pretty much going to stay the same. Maybe. There might be some civil war, Latin American might have it easier than the rest of the world.

Unless Israel use's it's ace card they're going to get smashed.

Nevada Tan

- Damn this fucking loser won't give up. Me & that sack of rice got to the security shack at the same time. This loser ~~goes~~ goes through security 1rst, I thought I wouldn't have to deal w/ his bitch ass. But, No. This fucking copyright taking loser hold's the door open for me as I was going through security, It was like 30 degree's outside & security were not wearing jacket's, They told him to close the fucking door. They told him just as I was about to exit. This Guy say's "good morning" & I just say yo, I thought IF I walked slow I could lose the knock off selling loser, shit this rice burner can't take a hint. He clock's in & tell's me "See you inside", We're ~~alreadt~~ already inside numb nut's.

I had to spend the last part of my day w/ ching chong Chinamen loading a fucking a trailer, Just for fun I decided to bullshit w/ this tech thieving loser, I told him about this funny shit that happened to me at Pizza Patron.

When you order your shit at pizza patron. You have to use your name, instead of a number. I just use the name Ed. Easy to say & spell, I used to do the same thing when I would go see my homegirl [redacted] at cane's, so I pay the girl & wait for my pizza. After a while I hear her call out my name "Maurizio", Homegirl how'd you know my name let alone how to pronounce it? It's because it was on the debit card & we were hispanic. This is captain obivious signing off.

We were in there like an hour, Fucking mister miyagi did not have anything interesting or funny to say. I know I say "And it happen's all the time" '
Whenever I meet somebody new & I think we're not going to get along. But this time I was right, I could see it coming a mile away,
